SUMMARY

I am a Frontend Developer with a Bachelor's degree in Informatics Engineering from University of Singaperbangsa Karawang, where I graduated with a GPA of 3.90. My expertise includes React JS, HTML, CSS, and JavaScript, along with experience in using TypeScript and Tailwind CSS to build responsive and dynamic user interfaces. Additionally, I have knowledge of Node JS, Express JS, and a solid understanding of databases, which support my ability to develop comprehensive web applications. With a combination of technical skills and a deep understanding of user interface design, I am committed to creating optimal and innovative user experiences.
